## Your London Experience

Imperial College is ranked sixth in the QS World University Rankings for 2023, putting it third in the UK and top in London. Oxford Royale students reside and study within the college, absorbing life as an undergraduate in the “big smoke”, as London is often known.

London is a place to dream big, and our students find motivation here for their future education and career choices. In staying at Imperial College, they're following in the footsteps of alumni who've gone on to make scientific discoveries, write novels, win Oscars and more.

Imperial is a place of inspiration, where memories are made that will last a lifetime.

## London, a City of Culture

From the vibrancy of Covent Garden, to the glory of St Paul's Cathedral, to the splendour of art galleries and palaces, there's something for everyone.

Visitors marvel at ancient treasures in the British Museum before popping into Harrods or taking in a musical in the West End. They enjoy classical and modern art, learn about royal traditions, and watch Shakespeare staged at the Globe Theatre as it was in the Bard's lifetime.

Taking a boat trip along the River Thames is one of the best ways to see all the iconic sights of London.

# The Experience

## Realising True Potential

Our unparalleled educational model is all about partnership. Every student has unique skills, strengths and dreams, and our role is to mentor and guide our students, to introduce and explore new concepts, to inspire them and help them realise their true potential.

Many young people are capable of exceptional academic, personal and commercial success, but they are simply not aware of opportunities available to them. By offering a taste of quality higher education, multi-cultural experiences and innovative subject matter, we can help them to identify their strengths, passions and ambitions.

## The Very Best Teaching

Our teaching brings out the very best in every individual through small class sizes, an emphasis on interaction, and one-to-one mentoring. All courses include workshops, seminars, discussion groups, practical work and lively debates. Our outstanding, talented faculty develop and run future-focussed courses to help drive students towards ambitious goals, motivating them to achieve more than they ever believed possible.

At Oxford Royale, students stretch the boundaries of traditional education by trying innovative activities such as live debates, staging a mock trial, pitching a new business idea and designing sustainable housing.

Many of our alumni have continued their studies at some of the top universities in the UK and the US, such as Oxford, Cambridge, Princeton and Berkeley, and have gone on to great careers and to make tremendous contributions to industry and research.

## Join a Global Community

We believe that global awareness, varied cultural experiences and broad international networks are key to carving a truly strong and successful path in a highly competitive world. Oxford Royale's summer schools offer exactly this.

The Oxford Royale experience gives students the opportunity to connect with and befriend like-minded peers from around the world. The cultural enrichment activities, social events and excursions that we offer outside the classroom timetable include treasure hunts, city tours, trips to other UK landmarks, sporting activities and, of course, the grand finale of each course, the graduation ceremony.

Our aim is for all students to have a life-changing experience full of fun!

10:30am

The second lesson of the day aims to motivate students with a lecture exploring key themes and issues, from a faculty member or a visiting industry expert.

12:30pm

Lunchtime! Imperial College is surrounded by all the best-known cafes and eateries. Or why not stroll around the campus or up to Hyde Park for a breath of fresh air?

1:30pm

Back to the classroom for a masterclass or practical lesson. Whether it's taking part in a mock trial, creating and pitching a business plan, learning how to design for sustainability or practising conversational idioms, the focus is always on effective ways to gain knowledge. There will also be the opportunity to develop job interview skills and a CV workshop.

3pm

Time for some culture! Students have the opportunity to explore London, with many options such as walking tours, sightseeing buses and boat trips on the River Thames. The museums of London cover every subject, you might spot some famous faces at Madame Tussauds - or how about a matinee theatre performance in the West End?

6pm

Dinner is a time to catch up with friends and plan the evening ahead. This is a great time to share dreams and ambitions with like-minded peers, discuss the day's events and compare experiences with students from different backgrounds and cultures.
